Yikes- lots of things on here that I hadn't expected. Tuesday is not good, as again Trig is scheduled for Privileged or Pe in Wasilla and no matter what time they do this he'll no doubt need his mama for recovery.

The ft wainwright and other out-of-town events this week won't work because of budget.

I've never heard of the Chamber session wrap up and Ellis needs it explained to him that

we did NOT do an end run around him on this one.

Tomorrow I'll compare your sched with what I've got, and planned for, on my sched.

Wed. 05.07.08

FYI - You are listed as invited to the Legislative Wrap-Up - Alaska State Chamber of Commerce (ANC) at 12:15 p.m. to sign HB 125 and SB 120. This was apparently arranged through the previous COS towards the end of session in April. As scheduler I was not notified of event and we were not even sent an invitation requesting your attendance. HB 125 is a long range budget plan that would take time to look at. SB 120 is sponsored by Ellis which he was upset to see this as he is not available that day and thought we were going around him to do the signing. These bills have not been transmitted to us even at this point. In talking with the Alaska State Chamber this last week I have let them know that we never received notice of this event and Mindy let them know that the bills had not even been transmitted to us. FYI: I know that you have been thinking of coming to JNU for a day in May. Bob informed me that the KING AIR will be going down for maintenance on May 15 for approximately 10 days.

Thanks Governor:

I will pass on the direction to Leo and DOT tomorrow and I will review the budget again to see if there are any new funds for the project.

I'll work with Sharon and Roseanne tomorrow on the status of Juneau Access and how to respond to any media inquiries for when the Corps permit is issued. (I think we still have some time before this happens, but it's hard to say)

On a side note, Dee Hanson from the Alaska Airmen's Association called. She was very thankful for your time at the air show yesterday, and got some great photos. I can check in with her about a short story in their trade magazine about the bill, etc. In addition to positive press for us, a story would help get the word out to the operators about the loan program and who to contact to use the program.

Leo- ADN wrote an editorial today re: continued work and expenditure on Juneau Rd. There needs to be clarification on my position there, which I thought we expressed to interested lawmakers two weeks ago - the letter explained that the Corps had not permitted it, and there were many hurdles it seemed before the possibility of permitting... so I don't know what "continued work" is that ADN is writing about. Is there money in the budget for the more Juneau rd planning? If there is, I need to know where it is, how much, etc. The rd is not a priority for our admin, esp knowing the Corps may not even permit it.

I'm not clear on what the ADN refers to re: cont work on the project, except for the fact we're waiting for the Corps to tell us whether it is even permittable. If it is, THEN policy decisions are made regarding spending any more money on this project or not. What money is being spent today, before we even know of the Corps' decision? My understanding is we're NOT spending money on the project at this time, that it's essentially at a stand-still until Corps does its thing with its evaluation. Thanks

Yeah, Steve Quinn is following up on this. He's particularly interested in legislators traveling to China with ANGDA this month (Harris, Huggins, and Ramras)--wanting to know if any state funds are used for this trip.

He's also going to check in with Leg Affairs to get a list of trips from last year--his angle being Harris and Green will pick up the tab to send their members to vaious energy conferences across the country, including Energy Council, yet Harris won't reimburse for traveling to a three day information session on the gasline applicant he and his members will consider and vote on. fb--can you let dennis know he can request this same info from leg affairs.

I know there are necessary deviations from that and this is water under the bridge, but Tib's signature should've been on the letter that he crafted.

Sheila was supposed to be out of town and Sharon hasn't had her "friday ear" sessions with Sheila lately because of that. I think that was helping. Hopefully she can start that up this next week even if she is still outta town.

Subject: Juneau rd

Leo- ADN wrote an editorial today re: continued work and expenditure on Juneau Rd. There needs to be clarification on my position there, which I thought we expressed to interested lawmakers two weeks ago - the letter explained that the Corps had not permitted it, and there were many hurdles it seemed before the possibility of permitting... so I don't know what "continued work" is that ADN is writing about. Is there money in the budget for the more Juneau rd planning? If there is, I need to know where it is, how much, etc. The rd is not a priority for our admin, esp knowing the Corps may not even permit it.

I'm not clear on what the ADN refers to re: cont work on the project, except for the fact we're waiting for the Corps to tell us whether it is even permittable. If it is, THEN policy decisions are made regarding spending any more money on this project or not. What money is being spent today, before we even know of the Corps' decision? My understanding is we're NOT spending money on the project at this time, that it's essentially at a stand-still until Corps does its thing with its evaluation. Thanks

It definitely has been helping that Sheila checks in with Sharon before printing. There are even worse things that would have ended up in there. Thank God, Sharon has a very good relationship with Sheila.

True - amazing how that had been working though... The Gov's office being the bad guys for the entire past year. "Duck and run" seemed to have been the mantra.

A really good lesson from this should be:

Privileged or Personal Material Redacted

I know there are necessary deviations from that and this is water under the bridge, but Tib's signature should've been on the letter that he crafted.

Sheila was supposed to be out of town and Sharon hasn't had her "friday ear" sessions with Sheila lately because of that. I think that was helping. Hopefully she can start that up this next week even if she is still outta town.

gov.sarah@yahoo.com wrote: Sharon- any idea why Shelia has referenced twice now "the nasty letter Sarah wrote to Lyda" (she's refering to the letter Tibbles and Balash wrote to her on April 18, I presume)? What was perceived as so nasty about it I wonder?

I did ask the guys if they wanted to put their name on it when they presented it to me for my signature - of course they wouldn't - but the last few communications from the guys to Lyda, with my signature, sure have been capitalized upon by Shelia. Guess this is a lesson that the letters could have been tweaked more - but any idea why Shelia perceives them as she has?

I thought the ad in today's ADN for statehood celebration events was very cool. It looks like there are neat events coming up all year! Thanks so much for all that good work. It will be especially cool to be with other governors to sign the print and participate in other events with them. Thanks

The Honorable Sarah Palin
Governor of Alaska
PO Box 110001
Juneau, AK 99811-0001

Dear Governor Palin:

Mrs. Palin, I just wanted to express my thanks to you for your support of our military and the Global War On Terrorism. I'm proud to say that i'm a resident of Alaska with you in office, showing your support for us and our mission to defeat Al Qeada in Iraq. I currently work (he is in my unit) with your son in 1/25 SBCT (Ft. Wainwright) and I'm sure he is extremely proud of how you represent us and show the support for the War in Iraq.
Again, thank you for all that you do as Governor of our Incredible state of Alaska.

God Bless,

CW2 William "Chip" Steele

Subject: RE: Anchorage Capital Projects

Dear Mayor Begich - The Governor has directed the Office of Management & Budget (OMB) to conduct a comprehensive review of the operating and capital budgets. OMB staff have contacted each legislator and asked for a prioritized list of projects within each district. In addition, OMB staff is reviewing the back up for the projects and will follow up with legislators if there are questions. Our deadline to complete this review is noon Monday, May 12, 2008.

The Governor, and my office, is receiving numerous requests for meetings with individuals and communities to discuss specific projects. Given the volume of projects, it simply is not possible to meet with every community or project sponsor. Would it be possible to arrange a meeting for you and your staff with two of the governor's special assistants, Ms. Anna Kim and Mr. Randy Ruaro? Ms. Kim and Mr. Ruaro will be in Anchorage May 5 – 7 and would be happy to meet with you. I will ask that they contact your office on Monday to find a time that works with your schedule.

Thank you for your assistance. Karen
